# **BJP** uproar & opposition protests: **Both houses of Parliament adjourned**

MI News Service, New Delhi: Minutes after starting its business on Monday, the Lok Sabha was adjourned till 12 noon due to protests by some opposition members who were carrying posters that invited strong disapproval from Speaker Om Birla. When the House met at 11 am after the weekend break, opposition members, mostly Samajwadi Party MPs, started protests over certain crimes in Uttar Pradesh. The protesting SP members were carrying some posters.

The speaker strongly disap-proved of the display of the posters, saying it was against the rules and hurt the dignity of the House. "You can't bring posters to the House. Please cooperate. If you show the posters in the House, I will be forced to take action against you," he said. Birla said the Lok Sabha had in the past decided against any member car-rying any kind of posters to the House. "The House had already you," he said. The speaker told the Parliamentary Affairs Minister to bring a motion against it. "Or else I will take action," he said and adjourned the House till 12 noon

Rajya Sabha proceedings were adjourned on Monday in the prelunch session without transacting any business as treasury and opposition benches sparred over the issue of reservations to Muslims in Karnataka public contracts. While ruling BJP MPs created a ruckus, alleging that a Congress leader has vowed to change the Constitution to provide reservation to Muslims, Congress president and Leader of Opposition Mallikarjun Kharge asserted that no force can change the Constitution made by B R Ambedkar. Amid slogan shouting, mostly by the ruling Jagdeep Chairman side. Dhankhar adjourned the proceed-ings till 2 pm. were agitating about. Rijiju said a senior Congress leader who holds a constitutional post has said the party will change the Constitution to provide reservation to Muslims. Though he did not name the leader, he was apparently referring to D K Shivakumar. "We cannot take this statement lightly," the minister said, adding that the statement has not come from any ordinary party leader but from someone holding a constitutional post. Stating that it is "extremely serious", he said changing the Constitution to provide religion based reservation "cannot be tolerated". Congress leaders carry the Constitution book in their pockets but are doing everything to undermine it, he said.

When Dhankhar asked what he and his party wanted, Rijiju said the Congress president should make the party position clear and "tell the House and the nation why Congress wants to change the Constitution to provide

Congress was shredding the Constitution to pieces. Ambedkar while framing the Indian Constitution clearly stated that "reservation will not be done on the basis of religion... his is an accepted principle of the Constitution of India", he said. Now, the Karnataka government has provided 4 per cent reservation in public contracts to minorities, he said, demanding a statement from Kharge. Dhankhar asked the ministers to authenticate the state-ments that were attributed to the Karnataka minister. Kharge said "no one can change the Constitution provided by Ambedkar". "We are the people protecting the Constitution. We are the ones who did Bharat Jodo Yatra from Kanyakumari to Kashmir (and) these are the ones who believe in Bharat Todo (break India)," he said referring to BJP. J&K: Anti-terror operation intensifies in Kathua

MI News Service, Kathua: The search operation against a group of infiltrating terrorists in the dense jungles of Kathua district of Jammu region entered the second day on Monday, officials said. The opera-tion led by Director Gen-eral of Police Nalin Prabhat was intensified with additional deployment of commandos, drones and sniffer dogs this morning as security forces carried out searches in the dense nursery where the terrorists are believed hiding after infil-trating from across the border, they said.

The operation was launched following an intelligence input regarding the presence of terrorists inside a 'dhok' — a local term for an enclosure located within the nursery in Sanyal village, approxi-mately five km from the In-ternational Border with Pakistan.

A police team from the Special Operations Group initiated the search operation after receiving the input and when the personnel entered the area, they came under heavy fire from the terrorists, leading to an intense gun fight which lasted for more than half-an-hour.

Reinforcements were swiftly dispatched to aid in the operation, as a manhunt was launched to apprehend the terrorists, believed to have infiltrated on Saturday via either the ravine route or through a newly created tunnel. There has been no report of any casualty in the initial firing and the area was kept under tight security cordon throughout the night before the security forces moved in from different directions with the first light of the day on Monday, the officials said. They said there was no fresh contact with the terrorists so far.

Delhi, in 2023. Noting a "disturbing pattern" of student suicides were being reported from various educational institutes, the apex court said these tragedies underscored the urgent need for a more robust, comprehensive and responsive mechanism to address various factors which compel students to resort to taking their own lives

"The recurring instances of student suicides in higher educational institutions, including private educational institutions, serve as a grim reminder of the inade-

quacy and ineffectiveness of the existing legal and institutional framework in addressing mental health concerns of students on campuses and to prevent the students from taking the extreme step of committing suicides," the order said. While the order said former apex court judge Justice S Ravindra Bhat would be the chairperson of the NTF, secretaries of a state's higher education departments, social justice and empowerment and legal affairs aside from the ministry of women and child development would be its ex-

officio members. #### Suicides in education...

#### From PG 1

to make further recommendations beyond the specified mandate, wherever necessary, to ensure a holistic and effective approach towards addressmental-health ing concerns of students and eliminating the incidence of suicides in higher edu-cational institutions," the order added.

While the NTF would furnish an interim report within four months, a final report would preferably be filed within eight months, it said.

The apex court's verdict came on an appeal filed by the parents of two deceased students against a January 2024 order of the Delhi High Court which refused to direct the police to register an FIR in connection with the suicide by the two students.

While Ayush Ashna was found dead on July 8, 2023 in his hostel room, Anil Kumar was found dead on September 1, 2023 in his hostel room at IIT Delhi.

It was alleged that both the students, who belonged to the scheduled castes, were murdered and they had earlier confided in their parents being subjected to caste discrimination.

The bench noted it was not in dispute that the police for some reason or the other declined to register an FIR on the complaints on the ground that no one could be said to have abetted the commission of suicide. "This litigation is an eye-opener not just for the police but also for the parents whose children are studying in different educational institutions, more particularly those students residing in a hostel far from their respective homes, and also the man-

agement of the educational institutions across the country," it said.

The bench said such incidents were not isolated, one-off occurrences but only a few of the several instances that have taken place over a period of time owing to reasons such as ragging, academic pressure, caste-based discrimination, sexual ha-

rassment, etc. The bench said data provided by the Union Minister of Štate for Education to the Rajya Sabha in 2023, 98 students died by suicide in higher educational institutes since 2018, out of which 39 were from IITs, 25 from NITs, 25 from central universities, four from IIMs, three from IISERs and two from IIITs.

Dealing with the appeal, the bench referred to the scope of Section 174 of the Code of Criminal Procedure (CrPC), which deals with police to enquire and report on suicide, etc.

It said an investigation under Section 174 of the CrPC focuses on ascertaining the apparent cause of death in cases of unnatural or suspicious deaths.

# Major boost to state economy: Haldia Petrochem mulls \$1 bill investment in Bengal

MI News Service, Haldia/ Kolkata: Haldia Petrochemicals Ltd (HPL) is considering a proposal to build a polycarbonate plant in Bengal, entailing an investment upward of \$1 billion (₹8,700 crore).

The company plans to use spare land available at its existing manufacturing location at Haldia for the project, signalling further diversification in the chemical downstream business.

Polycarbonate is a key thermoplastic compound which finds use in many industries, especially automobile and packaging because of its durability under heat, impact and chemicals

However, India meets the requirement of the material by import.

The basic raw material for polycarbonate is phenol and acetone, which will be available to HPL internally by the middle of 2026. The company, led by New York-based industrialist

Purnendu Chatterjee, is in the midst of setting up a phenol plant at Haldia, in a major pivot towards the chemical downstream sector.

"India is a large consumption centre for chemicals, many of which are still being imported. One such item is polycarbonate, which is a downstream product for phenol, which you are aware HPL is putting up a capacity for. We are now exploring to build a unit for polycarbonate as well," Navanit Narayan, whole-time

director and CEO of HPL, told. He did not hazard a guess on the investment required but industry estimates pegged it at about a \$1 billion.

Apart from tying up funds for the project, which is likely to be taken up in a new company of The Chatterjee Group (TCG) or subsidiary of HPL, the management has to find a partner to get the technology for polycarbonate, which is closely held worldwide.

The HPL management is now is to make polycarbonate.

focusing their energy to execute the phenol plant in record time (under 36 months) while simultaneously working on the polycarbonate project.

The ₹5,000 crore phenol and acetone plant will be a major boost to Bengal's economy and encourage proliferation of downstream units creating employment opportunities, just as HPL did a quarter of a century ago with the polymer business, the company had earlier hoped. A major user of phenol will be the plywood industry, which

has a base in the state with some of the largest producers based in Bengal.

HPL's phenol plant will be the largest in India when it goes on stream by the middle of 2026 and reduce dependence on imports and cut logistics cost.

Phenol and acetone, which HPL will produce, are two key ingredients for a chemical compound called Bisphenol A (BPA) whose single largest application

bai : Shiv Sena (UBT) Chief Uddhav Thackeray on Monday threw his weight behind stand up artist Kunal Kamra amid the controversy over his remarks, asserting that Kamra's statements were truthful and reflective of public sentiment.

Thackeray said that calling a 'gaddar' a 'gaddar' was not an attack on anyone.

"I don't think Kunal Kamra said anything wrong. Calling a 'gaddar' a 'gaddar' is not an attack on anyone. Kunal Kamra has said the truth; he has expressed what people feel," Thackeray said while addressing the media.

Defending Kunal Kamra's freedom of expression, Thackeray added, "He has said the truth, so there is no question of infringement of freedom of expression. Hear the full song (from Kunal Kamra's show) and make others hear it too."

He sharply criticised the rival Shiv Sena faction, say-"Eliminate Satyamev ing, Jayate and make Gaddamev Javate." The UBT Sena Chief further stated that his unit of the Shiv Sena has nothing to do with the vandalism that happened at the Habitat Comedy Club and

board report, over 15% of the global population-approximately 1 in 6 individuals-experiences significant disability. In Îndia, an estimated 70-80 million people live with various disabilities. Despite this substantial population, an accessible, on-demand ecosystem providing timely information and support for persons with disabilities and their caregivers remains largely nonexistent, particularly in marginalized communities.

The absence of early and timely interventions often results in persons with disabilities facing discrimination, educational exclusion, and denial of their fundamental right to a dignified life. Meanwhile, caregivers frequently report feeling isolated, unsupported, and financially burdened, despite their deep commitment to helping their loved ones thrive. The Ability Network is spear-

headed by Tech Mahindra Foundation in collaboration with expert partners including Enable tive. Together, they are developing solutions to empower persons with disabilities across India to lead independent, fulfilling lives.

In its initial phase, the initiative will focus on individuals with visual impairments, hearing impairments, and intellectual disabilities across Telangana and Bengaluru. The Ability Network will be accessible through both a web-based application and a mobile app, launching in the coming months. Users will be able to communicate their needs in their preferred language via text or audio. The platform aims to build a comprehensive community connecting experienced solution providers, product innovators, and grassroots organizations with those seeking information and services. On the occasion of the launch, Mr. Rajesh Aggarwal, Secretary - Department of Empowerment of Persons with Disabilities, MSJE (GOI), stated, "Initiatives like The Ability Network can enable the entire

the leap in this regard and we urge other corporates and organisations to join hands in this endeavour." Mr. ChetanKapoor, CEO of Tech Mahindra Foundation, emphasized the sig-nificance of The Ability Network, "Access to information and guidance about services and products for persons with disabilities and their caregivers has been scarce at best and for far too long. The Ability Network enables the discovery of verified information and guidance that is crucial for primary caregivers of children with disabilities and opens a new paradigm in mainstreaming inclusion in India-benefiting not only those directly involved but the entire Indian economy. We are grateful to the Hon'ble Union Minister Dr. Virendra Kumar of Social Justice & Empowerment and Mr. Rajesh Aggarwal, Secretary, Department of Empowerment of Persons with Disabilities, for their presence and support to this initiative.

### Pakistan: Islamabad **High Court restores** biweekly meetings for Imran Khan in Adiala Jail

MI News Service, Islam-abad: The Islamabad High Court (IHC) has restored biweekly meetings for Pakistan's former Prime Minister Imran Khan in Adiala Jail, The Express Tribune reported. However, the court has ordered visitors from making political statements following the meetings. The HC order is-sued on Monday allows Deligitan Tabrack a Juse Pakistan Tehreek-e-Insaf (PTI) founder Imran Khan to meet his family and lawyers on Tuesdays while he can meet his friends on Thursdays. However, only those permitted by Imran Khan's coordinator, lawyer Salman Akram Raja will be able to meet Khan. During the hearing, the court voiced concerns over visitors using jail meetings to make political statements. The Acting Chief Justice of Islamabad High Court Sarfaraz Dogar said that visi-tors should "meet and leave" and emphasised that speaking to reporters was unnecessary. The court directed visitors to sign an undertaking ensuring that they would not make public statements following the meetings. Jail authorities defended previous meas-ures citing security threats and said that they had son and said that they had consolidated Khan's meetings into one day instead of two to manage risks. The court rejected the argument, stressing that biweekly visits for Imran Khan were approved in a previous ruling. Meanwhile, Imran Khan's legal team claimed that scheduled meetings were being denied arbitrarily. PTI founder's lawyer, Zaheer Abbas, said a scheduled meeting on March 20 did not take place despite requesting it repeatedly, as reported by The Express Tribune. Justice Dogar directed Imran Khan's lawyers to move trial court separately if they seek permission for his children to visit him. The court's decision comes amid legal battles for Imran Khan who has been incarcerated in prison since August 2023 after being convicted in corruption cases. Khan's legal status changed from undertrial to convicted prisoner, impacting his privileges in prison. Jail authorities stated that meetings should be restricted due to security reasons. However, the court emphasized that political debates should not be held during or following meetings with Imran Khan.

## **Israel attacks southern** Gaza's largest hospital

MI News Service, Tel Aviv: An Israeli military attack on the largest hospital in southern Gaza killed two people, injured several, and sparked a large fire, according to the enclave's Ministry of Health.

The attack on Sunday night hit the surgical building of Nasser Hospital in the city of Khan Younis, the ministry reported. The at-tack came just days after the facility was over-whelmed with the dead and wounded, as Israel resumed its war in Gaza with a surprise wave of air raids last week. Among those killed on Sunday was a 16year-old boy who had undergone surgery two days earlier. Also killed was Ismail Barhoum, a member of Hamas's political bureau who was receiving medical treatment at the hospital, Hamas said in a statement. Israel's military con-

firmed the attack, stating it

had hit a member of Hamas. Israeli officials have repeatedly blamed civilian casualties on the armed Palestinian group that governs Gaza, arguing it deliberately operates in densely populated areas. Like other medical facilities across Gaza, Nasser Hospital has suffered damage from Israeli raids and air attacks throughout the conflict. Israeli forces have killed more than 600 peo-

ple since resuming the assault on the enclave, including dozens within the past 24 hours, according to Palestinian health officials. On Sunday, the official death toll in Gaza since the beginning of the war exceeded 50,000, according to the Health Ministry. However, many experts believe this figure is likely a far undercount of the actual number. - With AJ Inputs

## **U.S., Ukraine conclude "produtive"** talks in Riyadh: Ukrainian DM

MI News Service, Riyadh: Ukrainian Defense Minister Rustem Umerov announced Sunday that the talks between U.S. and Ukrainian delegations have concluded in Saudi Arabia's capital Riyadh, saying the discussion was "productive and focused," with "key points including energy" addressed. In a post on social media platform X, Umerov, who led the Ukrainian delegation, emphasized that Ukrainian President Volodymyr Zelensky's goal is "to secure a just and lasting peace" for Ukraine and Europe at large, claiming, "We are working to make that goal a reality." The Ukrainian and U.S. teams met earlier in the day in Riyadh.

According to the Ukrinform news agency, the Ukrainian delegation also included State Secretary of the Ukrainian Foreign Ministry Oleksandr Karasevych, deputy heads of the President's Office, Pavlo Palisa and Ihor Zhovkva, as well as Deputy Energy Minister Mykola Kolisnyk. The talks came almost two weeks after a previous meeting between the two sides in the Saudi port city of Jeddah saw Ukraine okay a U.S.-proposed 30-day ceasefire plan in exchange for Washington lifting its pause on military aid to and intelligence sharing with Ukraine. Notably, the meeting precedes the talks between U.S. and Russian delegations scheduled for Monday. Media reported late Sunday that the Russian delegation has arrived in Riyadh.

### **Baloch National Move**ment protests outside **Downing Street, spot**lighting human rights violations in Pakistan

MI News Service, London: The Baloch National Movement's United Kingdom chapter staged a protest outside the British Prime Minister's office at 10 Downing Street, London, on Sunday, drawing attention to a series of grave human rights violations against the Baloch people.

According to a statement released by BNM on social media platform X, the demonstration aimed to highlight the ongoing Quetta Massacre, the arbitrary detention of activist Mahrang Baloch, and the brutal murder of Shahjan Baloch by state-backed death squads. The protest also marked the anniversary of the enforced disappearances of Zahid Baloch and Asad Baloch, who have been missing for 11 years after being abducted by Pakistani security forces. The protesters, a mix of Baloch diaspora and human rights advocates, raised their voices in a passionate call for justice and accountability. The protesters called on British officials to press for the safe release of Mahrang Baloch and other detained Baloch activists, and to work toward the resolution of the growing list of forced disappearances affecting the Baloch people.
